

Expert advice and end-to-end IT consulting from your local experts

We specialize in Professional, Cloud, and Managed Services, as well as IT Hardware and Software Resale. We get IT. With over 400 technical certifications, our team of technical experts is one of the most highly certified IT teams in North America (CRN, 2016). We can build the custom solution that is right for your business.

What do we offer?

Solutions

Customized to your unique needs

- Epic delivers innovative solutions that fit your business model to deliver higher performance, lower costs, and a competitive edge for your business
- Our team is committed to developing the best solution for your environment whether it be networking, software, or infrastructure related

Professional Services

Take your business to the next level

- Our award-winning professional services team can assist you with all of your IT needs ranging from networking and security to infrastructure
- We provide consulting, architecture, and implementation services to help you achieve your goals

Cloud Services

Secure and available when you need it

- We are the only cloud service provider from Manitoba on the *2016 Talkin' Cloud List* of the top cloud service providers in the industry
- 99.95% Uptime SLA, 100% Uptime N+1 power and cooling, and 24 x365 on-site security and NOC personnel
- Services include IaaS and SaaS, cloud backup and disaster recovery services, as well as Public Azure® and Office 365® consulting

Managed Services

Cost effective support that scales with your business

- IT can be a costly and frustrating resource to manage. We are an IT organization that specializes in providing our customers with unlimited IT support for one monthly cost

Why should Epic be your first choice when it comes to Managed Services?

1. The service is customized to your needs

- We create a package that fits your business model

2. Our team of experts provide the support you need when you need it

- Our managed services team consists of more than 50 experts dedicated to ensuring the success of your business
- Multiple tiers of support ranging from desktop support to senior systems engineers

3. We are a recognized industry leader

- In 2016 we placed on CRN's *Tech Elite 250*, *Solution Provider 500* and *Fast Growth 150* lists. These lists represent IT companies that are the most certified, deliver the best solutions, and continue to grow substantially year after year
- We have recently been selected as a *CDN Channel Elite Finalist in the Solution Provider of the Year, Best Midmarket Solution, and Best Managed Services Solution* categories
- We are the only Manitoba-based company to ever win the *CRN Triple Crown Award*
